

Curriculum

Project Term

- We are preparing the course catalogs for the Middle School and High School.
- Students voted last week on their favorite course offerings to help us build the final catalog.
- Students will begin registration later this month.

Literacy Coach

Testing

- Winter MAP testing is complete and teachers are writing IRIP's for identified students.
- IRIP's will be shared at parent/teacher conferences.

After School Intervention Program

- After school program started on 1/19.
- Parents that are participating are grateful for the extra support.

Literacy Nights

- Literacy Nights were held via Zoom.
- "How to help your child at home" was the topic for each grade level. Grade level specific information was shared.
- Fourteen families participated.

Michigan Learning Channel

- Michigan Learning Channel information shared out to staff and families.
- This is another tool to support student learning.

Math Coach

Our math coach is back!! Mr. Kliss started back in his grant funded Math Coach role on January 25th.

Teacher Training

- Mr. Kliss is working on preparing our new math teacher on Kickstand, Google Classroom, PowerSchool, Delta Math, and TeacherMade.
- He is training on our essential standards and where our students are currently performing.

Interventions

- Interventions have begun with 8th grade students.

Please select the top 6 classes you would find the most interest in taking this Spring.
